CAB ABSTRACTS

CABI *Publishing*

Field Crop Abstracts

A monthly journal covering literature on agronomy, botany, physiology, yields and quality of all annual field crops, both temperate and tropical. It started publication in 1948 and contains approximately 9,500 abstracts each year derived from the CAB ABSTRACTS database.

The CAB ABSTRACTS database is compiled from the world's scientific and technical literature. Over 40,000 published documents, including research papers, conference proceedings and papers, books, reports, patents and theses are received annually from more than 130 countries in 50 languages. This material is screened, translated, abstracted and indexed by professional and support staff, including 90 subject specialists and linguists. More than 150,000 new records are added to the database each year, the majority containing informative abstracts. Over 3 million abstracts from the world literature have been added to the computerized database since 1973, and this is complemented by a similar number in printed form before 1973, from CABI's origins in 1913.

EDITORIAL POLICY

This abstract journal is produced by the Editorial Departments of the CAB International Information Division, whose central function is the compilation of the CAB ABSTRACTS and CAB HEALTH bibliographic databases from the world's scientific and technical literature.

The Information Division has two other arms: Programme Development and the Development Projects Unit, and aims to achieve growth of its programme through new projects, often in collaboration with other organizations and backed by external funding, for the benefit of the international community.

This journal is derived from the CAB ABSTRACTS database, which covers the significant research and development literature in the fields of agriculture, horticulture, forestry, aspects of human health, human nutrition, animal and veterinary science and the management and conservation of natural resources.

The CAB ABSTRACTS editorial policy is to:

- scan all relevant literature
- record comprehensively the most relevant and scientifically significant material
- record all bibliographic details accurately
- prepare informative abstracts for all items reporting new findings or reviewing original research
- write abstracts in clear, concise and unambiguous English with consistent usage of terms and abbreviations
- index all important concepts within each record with the most appropriate terms selected from the CAB Thesaurus, CABI's controlled vocabulary.

This policy relies on the expertise of CABI's 90 professional subject specialists and linguists who translate and summarise the international scientific literature.

LIST OF SERIALS ABSTRACTED

Listed below are the titles of the serial publications (excluding most annual reports and conference proceedings) abstracted during 1999 for this journal.
Many other serials were scanned during 1999 but no relevant articles were selected. A full list of all the serials scanned for items suitable for abstracting for the CAB ABSTRACTS database and the whole range of CABI's abstract journals is given in the *CAB International Serials Checklist, 1995 edition.* The publication includes ISSNs and publishers' addresses.

Document Delivery Service

Coverage: We can provide copies of most articles cited in the CAB ABSTRACTS journals and database. Copyright law prohibits supply of more than one article from one periodical issue on any one occasion. Books and other complete publications can be sourced and supplied and are charged at normal (retail) price plus handling/postage, for which a quotation will be sent.

Ordering: Please complete an order form, ensuring that you give full bibliographic details and attach a copy of your reference source. Requests may also be sent by post, fax or Email, or placed through online ordering systems. The cost (detailed below) is for each article irrespective of length. UK customers must add VAT, and other EC customers must either quote their VAT number (see below) or UK VAT (currently 17.5%) will be added.

Payment: Prepayment is required unless you have a CABI deposit account. Credit cards, cheques, bank drafts or international money orders (not national postal orders) are accepted and should be made payable to CAB International. Sterling cheques should be drawn on a UK bank, and US$ cheques should be drawn on a US bank. Library Services Vouchers (details on request) provide an alternative and convenient method of prepayment.

PRODUCTS FROM CABI PUBLISHING

CABI Publishing is a Division of CAB International (CABI), a not-for-profit organization involved in the dissemination, application and generation of scientific knowledge in the areas of agriculture, horticulture, forestry, the applied life sciences, including human nutrition and health, and the management of natural resources.

The products are predominantly outputs from CABI's main databases, CAB ABSTRACTS and CAB HEALTH, which contain over 3.5 million bibliographic records of the world's scientific and technical literature published since 1973.

CAB ABSTRACTS is the world's leading bibliographic database covering all aspects of agriculture, horticulture, forestry, veterinary science, and soil and water science, as well as leisure, recreation and tourism, and human nutrition.

CAB HEALTH covers parasitic, tropical and infectious diseases of man, community and public health, human nutrition, and medicinal and poisonous plants.

FROM THE DATABASES:

ABSTRACT JOURNALS
Printed journals covering broad disciplines as well as specialist interests. Some journals also contain news and other information including review articles. The abstracts included in these journals are also available on floppy disk.

CD-ROM
CAB ABSTRACTS on compact disc, the CABCD - available back to 1973.

CAB HEALTH - available back to 1973.

CAB SPECTRUM - subject-specific discs containing over 25 years of information on each of the major broad disciplines.

CAB COLLECTION - specialist subject discs containing around 25 years of information in a unique, searchable, bibliographic archive.

MAGNETIC TAPES
Organizations with access to mini or mainframe computers may lease all or part of the CAB ABSTRACTS or CAB HEALTH databases.

ANNOTATED BIBLIOGRAPHIES
Printed compilations on specific topics.

LITERATURE SEARCH SERVICE
Literature Search services are available for those who do not have direct access to online systems.

ALSO:

PRIMARY JOURNALS
Bulletin of Entomological Research, Seed Science Research, Journal of Helminthology, Soil Use and Management, British Journal of Nutrition, Proceedings of The Nutrition Society, Nutrition Research Reviews and Public Health Nutrition.

SERIAL PUBLICATIONS
Index of Current Research on Pigs, Distribution Maps of Plant Pests, Distribution Maps of Plant Diseases, Bibliography of Systematic Mycology, Descriptions of Fungi & Bacteria and Index of Fungi.

BOOKS AND REFERENCE WORKS
CABI Publishing has an active book publishing programme and publishes over 60 new titles every year, some of which are available in electronic form. Please contact the Commissioning Editor.

COMPENDIA
CD-ROM titles providing simple, instant access to detailed, illustrated data in the Crop Protection and Forestry areas with links to bibliographic databases, diagnostic keys and information on the Internet.

SCIENTIFIC SOFTWARE AND REFERENCE TOOLS
Interactive Taxonomic Identification Keys and authority files to arthropods, fungi and nematodes.

CABWebs
WWW sites allowing access to CABI Abstract and Primary Journals and other useful information in relevant subject areas. The CABWebs available are PEST CABWeb – for crop protection, TREE CABWeb – for forestry, VET CABWeb – for veterinary science and animal health information and, NEW for 1999, NUTRITION CABWeb – for both human and animal nutrition information, HORT CABWeb – for information on all areas of horticulture and seed science, and AgBiotechNet – for agricultural biotechnology information. For access to any of the CABWebs, visit the CABWeb homepage at *http://www.cabweb.org*.
